With over three decades of accumulated knowledge and experience, Ormat is today's only vertically integrated geothermal company. Being at the forefront of the geothermal industry, our expertise encompasses the widest range of renewable energy solutions from [geothermal power plants](#) [1] to [recovered energy](#) [2] and [remote power solutions](#) [3]; From designing to [developing](#) [4], building, [manufacturing](#) [5], owning and operating geothermal and recovered energy based power plants, Ormat sets the industry standard for high quality, simplicity, low maintenance and reliability.

All of our plants and equipment are uniquely tailored to suit the site, geothermal resource and ambient conditions. Our solutions offer all of our customers:

- A single point of responsibility
- Full control over the delivery time and cost
- [Unsurpassed, field-proven knowledge and experience](#) [6]
- Simplicity
- Flexibility
- Unmanned options for operation and maintenance of all our solutions

Ormat is renowned for our comprehensive knowledge base and technology leadership for the following solutions:

0

[Geothermal Power](#) [1]

[Recovered Energy Generation](#) [2]

[Remote Power Units](#) [3]

[Geothermal Development](#) [4]

[Manufacturing](#) [7]
