Ormat Technologies, Inc. to Host Conference Call Announcing Fourth Quarter and Year-end 2011 Earnings Results

RENO, Nevada, January 23, 2012 - Ormat Technologies, Inc. (NYSE: ORA) plans to announce its fourth quarter and year-end 2011 earnings results in a press release that will be issued on Wednesday, February 22, 2012 after the market close. The Company has scheduled a conference call to discuss the results at 10 a.m. EST on Thursday, February 23, 2012.

The conference call will be broadcast live as a listen-only webcast. To listen to the call, please go to [www.ormat.com](http://www.ormat.com) [1] approximately twenty minutes before the conference call is scheduled to begin. You will need to register, and may need to download and install the required audio software. An archived recording of the call will be made available on the website under IR Events & Presentation in the Investor Relations tab.

## About Ormat Technologies

Ormat Technologies, Inc. is the only vertically integrated company primarily engaged in the geothermal and recovered energy power business. The company designs, develops, owns and operates geothermal and recovered energy-based power plants around the world. Additionally, the company designs, manufactures and sells geothermal and recovered energy power units and other power-generating equipment, and provides related services. The company has more than four decades of experience in the development of environmentally sound power, primarily in geothermal and recovered-energy generation. Ormat products and systems are covered by 80 U.S. patents. Ormat has engineered and built power plants, that it currently owns or has supplied to utilities and developers worldwide 1410 MW of gross capacity. Ormat's current generating portfolio includes the following geothermal and recovered energy-based power plants: in the United States - Brady, Brawley, Heber, Jersey Valley, Mammoth, Ormesa, Puna, Steamboat, OREG 1, OREG 2, OREG 3 and OREG 4; in Guatemala - Zunil and Amatitlan; in Kenya - Olkaria III; and, in Nicaragua - Momotombo.

## Ormat's Safe Harbor Statement

Information provided in this press release may contain statements relating to current expectations, estimates, forecasts and projections about future events that are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. These forward-looking statements generally relate to Ormat's plans, objectives and expectations for future operations and are based upon its management's current estimates and projections of future results or trends. Actual future results may differ materially from those projected as a result of certain risks and uncertainties. For a discussion of such risks and

uncertainties, see "Risk Factors" as described in Ormat Technologies, Inc.'s Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 28, 2011.

These forward-looking statements are made only as of the date hereof, and we undertake no obligation to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.
